Dear RoboCuper,

The entire RoboCup23 team is pleased to welcome you as a RoboCuper!

We are just few days away from the Bordeaux competition, and in order to welcome you in the best conditions, we invite you to discover our ROBOCUPER BOOKLET.
Bordeaux Saint-Jean railway station welcome desk

On 2nd & 3rd of July from 9am to 6pm, there will be 1 counter dedicated to welcoming RoboCup23 participants and competitors. The counter is located on the Louis Armand forecourt outside Hall 1.

Contact the volunteers if you have any questions or require information.
You will also have "Bordeaux le Guide 2023" at your disposal.
**Bordeaux Mérignac Airport welcome desk**

From 2nd to 4th of July, two information desks will be available in Hall A and Hall Billi to provide you with information and answer your questions.
From Saint-Jean station
Take the tram to the "Parc des Expositions / Stade Matmut Atlantique" terminus.

From Bordeaux Mérignac airport
Take Bus Liane 1 and get off at the "Gare Saint-Jean" terminus. Then, at "Gare Saint-Jean" station, take Tram C to the "Parc des Expositions / Stade Matmut Atlantique" terminus.

From Bordeaux city centre
Take Tram C to the "Parc des Expositions / Stade Matmut Atlantique" terminus or Liane 15 to the "Parc des Expositions" stop.

By car
A10 Paris - Bordeaux, exit 4, 4A and 4B (Bordeaux-Lac/Parc des Expositions). Free covered car park.
RoboCup23 gives you a free tramway pass for the whole event! Before the event, you'll receive a code to activate your digital pass. It will be given to you by your league.

**YOUR TBM CONGRESS PASS ON SMARTPHONE**

1. **DOWNLOAD**
   - the TBM app and press the 'M-ticket' button.

2. **REGISTER**
   - (email address and password)

3. **ENTER THE CODE**
   - provided by the organizer of the congress.

4. **ACTIVATE BLUETOOTH AND LOCATION**
   - from your smartphone.

   Your PASS will be active as soon as it is first validation.

In case of control, you will have to present the QR Code automatically generated by the application. Make sure you always have a good battery level! Ticket valid on tram, bus and Bat (river shuttle) network. Validation required each time you got on (even when transferring).
On Tuesday 04th of July, a Depeche Mode concert will be held at the Matmut Atlantique Stadium, next to the Parc des Expositions of Bordeaux. The concert starts at 8pm and finishes at around 10.30pm.

Access will be blocked by police roadblocks **from 5pm to 12.30am.**

On the map opposite, you will find several access points depending on where you are departing from.

The tram will continue to run, but expect very large crowds before and at the end of the concert.

Please take this information into account to avoid getting stuck and delaying your arrival at the venue.
Bordeaux will host the 7th step of the 2023 edition of the Tour de France: Mont de Marsan & Bordeaux (170 km).

**The traffic**

To ensure the safe arrival of the race, traffic measures will be taken: the finish area and the course will be inaccessible to vehicles from 12:30pm on Friday, July 7.

NB: The Chaban-Delmas bridge will be closed to traffic on Friday July 7 from 9pm to 10.30pm!

From Thursday July 6th at 10pm to Friday July 7th at 11pm.

Vehicle traffic will be progressively closed in both directions:
- on the Pont St Jean (including pedestrians and bicycles)
- on the left riverside quays between rue Ferrère and rue Esprit des Lois
- on the left riverside quays between cours du Médoc and rue des Maraîchers
- on the right riverside quays between quai Deschamps and quai de la Souys.

The area remains accessible to right riverside residents, from rue Jean Dupas to quai Deschamps.

A general detour via the boulevards is strongly advised. Traffic jams are unavoidable, and may even bring traffic to a standstill (map next page)

You will find power sockets at your disposal, as there are many of you and for reasons of good working order, we ask you not to exceed 1kw/socket. Please use the catering areas to heat up your food and drinks.

In the event of a power cut, we ask you not to touch or try to turn the power back on. Please contact the organising team.

In France the mains voltage is 230 volts at a frequency of 50 Hertz. Please use your adaptors, and if in doubt, please inform the organising team.

Lithium batteries that you charge must be kept visible and accessible to avoid any risk of fire.

Batteries may not be recharged at night. If this rule is not observed, a SSIAP will be authorised to disconnect the battery. In case of fire start, please make sure to follow Lithium Battery Procedure document available in your competition area.
RÉSEAU

**WIFI:**
- The service provider has taken into account requests from leagues for WiFi access for their teams and grounds.
- It is forbidden to broadcast a WiFi network that has not been declared.
- Leagues are not allowed to install their own wifi router to broadcast a wifi network.

**ETHERNET CONNECTION:**
- Leagues that have requested an ethernet cable connection for their team and pitch have had this taken into account by the service provider.
- The RJ45 cable will be delivered to each team table.
- Teams must use their own switch.
- Please plan your ethernet cables accordingly to your needs.

**SSID AND SECURITY KEY FOR THE DIFFERENT WIFI NETWORKS** will be communicated on site, in your competition zones.
The dispatch of channels will be done directly on site, accordingly to the installation so that the frequencies are as optimal as possible for the teams.
There are several things you can do to promote the RoboCup23:

- Inform your community on social networks that you are a competitor, share or post visuals of the event on your social networks. **Communication Kit**

- Follow us on the networks: Like and share
